

An APE Special Announcement.....

APE organizers are pleased to announce that, as a result of a donation from one of our supporters, we've been able to appoint an Executive Director - something we had wanted to do but lacked the funds to provide for.

Roger Emsley has agreed to fill that role and has taken up the position as of August 1, 2007.

Roger has been involved with APE since the beginning, and has demonstrated strong leadership skills that have earned APE a highly-respected reputation amongst the community, politicians, and government officials. He has lived in Delta since 1968, where he and his wife have their own travel industry consulting business. Roger has agreed to reduce his travel consulting activities in order to free up enough time to fulfill his new role.

Roger's appointment will assist in expanding APE's profile and presence, not only in our community, but beyond. His ongoing commitment to researching the many detrimental issues surrounding Deltaport expansion has played a key role in our position on the battlefield; and we look forward to building on that position under his invaluable leadership.

Roger can be reached at 604 946 7250 or by email at emsley@axion.net
